

COLOUR PARROT

Task Management System

COMPLETE SYSTEM MANUALS & GUIDES

Prepared for internal agency training, presentation, and onboarding

Version 2.0 | Published June 2026

Part 1: Complete User Manual

■ Colour Parrot — Complete User Manual

Every Button, Dropdown, Field, and Modal Explained in Detail

This user manual serves as the ultimate reference guide for the Colour Parrot Task Management System. It explains the exact purpose, layout, buttons, inputs, and step-by-step procedures for every screen in the system.

■ Table of Contents

1. Global Layout & Navigation (Always Visible)
2. Login Page
3. Page-by-Page Detailed Button & Field Guide
 - A. Overview / Dashboard Page
 - B. My Workspace Page
 - C. Projects Page
 - D. Tasks Page (Work Items)
 - E. Task Detail Modal (Task Overlay)
 - F. Cycles Page (Sprint Planning)
 - G. Modules Page (Task Categories)
 - H. Workflow Page (Pipeline Design)
 - I. Backups Page (Data Sovereignty)
 - J. Kanban Page (Visual Board)
 - K. Team Page (Directory)
 - L. Timesheets Page (Reporting Hub)
 - M. Profile Page
 - N. Notifications Page
 - O. Activity Page (System Audit Log)
 - P. Calendar Page (Tactical Operations)
 - Q. Strategist Page (Mission Control)

- R. Team Intelligence Page (Operator Review)
 - S. Agency Roadmap
4. Workflow & Status Quick Reference

1. Global Layout & Navigation (Always Visible)

No matter what page you are on, the screen is split into a **Left Sidebar** and a **Right Main Area** with a **Top Header**. Here are the global components:

■ ■ The Sidebar

- **Logo & App Name Area (Top Left):** Displays the Colour Parrot icon and "C-Parrot Management". Clicking this area automatically redirects you to the main home page (either **Overview/Dashboard** for managers or **My workspace** for specialists).
- **Sidebar Tabs (Navigation Menu):** Buttons representing each page. Clicking a tab takes you to that page. You will only see the tabs your role is authorized to access:

Admins / Agency Managers:* See all 15 tabs.

Project Managers:* See 10 tabs.

Team Heads:* See 10 tabs.

Specialists:* See **My workspace**, **Kanban Board**, and **Calendar**.

HR:* See **Projects**, **Tasks**, **Kanban Board**, **Calendar**, **Team**, and **Team Intelligence**.

- **Sign Out Button (Bottom Left):** A red button with a log-out icon. Clicking this clears your login token from the browser and returns you to the Login screen.

■ ■ The Header Bar (Top Right)

- **Back Button (← Back):** Appears next to the sidebar toggle button if you have navigated through pages. Displays your history path. Clicking it returns you to the previous page.
- **Toggle Theme Button (Moon/Sun Icon):**

Moon icon:* Switch the interface to Light Mode.

Sun icon:* Switch the interface to Dark Mode (default theme).

- **Notification Bell Icon Button:** Shows a purple badge with a pulsing number if you have unread notifications. Clicking it takes you directly to the **Notifications** page.
- **Profile Avatar Button:** Circular button displaying your initials (e.g., "JS" for John Smith). Hovering shows your full name. Clicking it takes you to the **Profile** page.

2. Login Page

This is the gateway to the application. It consists of a centered glassmorphic card.

- **Email Address Input Field:**

Label:* EMAIL ADDRESS

Purpose:* Input your registered corporate email.

- **Password Input Field:**

Label:* PASSWORD

Purpose:* Input your security key.

Eye Icon Button (inside password field):* Clicking this toggles the visibility of the text, showing/hiding your password characters.

- **Enter Dashboard Button:**

Purpose:* Submits your credentials to authenticate your session.

Loading State:* Changes to a rotating spinner when checking credentials.

3. Page-by-Page Detailed Button & Field Guide

A. Overview / Dashboard Page

This page shows high-level agency metrics and active logs.

- **Month / All Toggle (Top Right):**

Purpose:* Toggles between viewing metrics for the current calendar month only or all-time historical data.

- **Metrics Cards:**

Units Launched:* Total completed/launched tasks.

Global Task Volume:* Total tasks in the system.

Active Projects:* Total active projects.

Pending Tasks:* Non-started tasks. Contains a visual progress bar indicating workload saturation.

- **Operational Flux Chart (Visual Graph):**

Purpose:* An area chart showing the velocity of task movements over recent days.

- **Stage Distribution Chart (Horizontal Bar Chart):**

Purpose:* Visualizes how many tasks are sitting in each workflow stage.

- **Sector Activity Stream (List Feed):**

Purpose:* Shows a live, scrollable list of recent edits made across the agency.

Action:* Clicking any row in the feed opens the related task in a detailed overlay modal.

- **Lead Overview (Special View for Team Heads):**

Left Column ("My Personal Missions"):* Lists tasks assigned directly to the Team Head. Clicking a task opens its detail overlay.

Right Column ("Team Operations"):* Lists tasks assigned to their team members that are currently waiting in the **Team Head Review** stage.

■ Approve Button (Inline on card):* Instantly moves the task from **Team Head Review** to **Client Review**.

■ Reject Button (Inline on card):* Instantly moves the task from **Team Head Review** to **Rework / Revision**.

B. My Workspace Page

The personalized workstation for Specialists and Team Heads.

- **6 Filter Tabs (Top Bar):**

TODAY'S TASKS:* Active green theme. Shows all active, incomplete tasks.

START DATE TASKS:* Active blue theme. Filters tasks that have a start/scheduled date set.

DUE DATE TASKS:* Active amber theme. Filters tasks that have a due date matching the current date.

DEADLINE TASKS:* Active red theme. Filters tasks that have a hard final deadline.

COMPLETED TASKS:* Active teal theme. Filters all completed/launched tasks.

ALL TASKS:* Active slate theme. Shows all assigned tasks.

- **Personal Performance Tab:**

Purpose:* Displays personal statistics, task distribution charts, and completion ratios.

- **Task Cards (Lists):**

Clicking the card:* Opens the Task Detail Modal.

Card Border & Glowing Shadow Colors:*

- ■ **Client Approved / Completed-Launched:** Emerald green border with glowing green shadow (`rgba(16, 185, 129, 0.15)`) indicating final verification.

- **■ Client Review / Pending Review:** Blue border with glowing blue shadow (`rgba(59, 130, 246, 0.15)`) representing active review.
- **■ Rework / Revision / Re-edit:** Red border with glowing red shadow (`rgba(239, 68, 68, 0.2)`) indicating modifications are needed.
- **■ Urgent Priority / Overdue Deadline:** Red border with glowing red shadow (`rgba(239, 68, 68, 0.15)`) highlighting immediate attention required.
- **■ High Priority:** Amber border with glowing amber shadow (`rgba(245, 158, 11, 0.1)`) representing high priority.
- **■ In Progress:** Primary green border with glowing green shadow (`rgba(16, 185, 129, 0.1)`) representing active development.
- **■ Default / Low Priority:** Sleek default gray border.

Date Badge Color-Coding:*

- **■ Posted Date:** Sky Blue badge (`POSTED: YYYY-MM-DD`) representing assignment post date.
- **■ Start Date:** Emerald Green badge (`START: YYYY-MM-DD`) representing task start.
- **■ Due Date:** Amber Yellow badge (`DUE: YYYY-MM-DD`) representing delivery date.
- **■ Deadline:** Bold Red badge (`DEADLINE: YYYY-MM-DD`) with an active pulse animation representing the absolute deadline.

C. Projects Page

The directory where client projects are created and managed.

- **Archives Toggle Slider (Top Right):**

Purpose:* Shows active projects when turned off, and archived/historical projects when turned on.

- **New Project Button (Top Right):**

Purpose:* Opens the project creation form.

- **Project Cards:**

Initial Avatar Circle:* Colored circle with the first letter of the project name. Clicking it sets a project filter in your memory and takes you to the Tasks page for this project.

—■ Edit Button (Pencil Icon - visible on hover):* Opens the Project Edit form.

■ Archive Button (Database Icon - visible on hover): *Archives an active project. Triggers confirmation: "Archive project orbital [Name] to historical storage?"**

■ Restore Button (Plus Icon - visible on archived cards): *Restores an archived project back to active status. Triggers confirmation: "Restore project orbit [Name] to active status?"**

Mission Logs Link Button (Bottom Right):* Jumps directly to the Tasks page pre-filtered for this project.

- **Create/Edit Project Form Modal:**

Project Name Input Field:* Type name. Auto-fills the Slug field with lowercased hyphens.

Slug Input Field:* Font-mono field defining URL slug.

Description Input Field:* Text area for project objectives.

Glow Color Picker Input:* Open browser color selector to customize the card highlight border.

Abort Mission Button:* Cancels changes and closes form.

Create/Update Project Button:* Saves changes to database.

D. Tasks Page (Work Items)

The master log listing every task in the system.

- **New Task Button (Top Right):**

Purpose:* Opens the Task Creation Modal.

- **Search Box Input:**

Purpose:* Search tasks by typing task code (e.g. CP-12), title, or assignee name.

- **Completed Toggle Slider:**

Purpose:* Shows/hides tasks that are marked as Completed / Launched.

- **Archives Toggle Slider:**

Purpose:* Shows active tasks when turned off, and archived tasks when turned on.

- **Filter Dropdowns:**

Project:* Filters tasks belonging to a specific project.

Module / Scope:* Filters by category (e.g., Design, Poster, Video).

State:* Filters by workflow stage.

Specialist:* Filters by assigned employee.

- **Date Filters:**

Post Date:* Filter by task post date.

Start Date:* Filter by task start date.

Deadline:* Filter by final deadline.

Created From / Created To:* Filter by task creation timestamp.

- **Date Quick Buttons:**

Today:* Sets creation date range to today.

Month:* Sets creation date range to the current month.

Reset All:* Clear all text searches, filters, dropdowns, and date fields back to default.

- **Task List Rows:**

Clicking a row:* Opens the Task Detail Modal.

Archive Task Button (Database Icon - on hover): *Archives task. Confirm: "Archive this task to historical data?"**

Restore Task Button (Plus Icon - on archived rows): *Restores task. Confirm: "Restore this task to active work items?"**

E. Task Detail Modal (Task Overlay)

The central control panel for any individual task. Opens as an overlay on your screen.

Left Column Tabs:

- **Details Tab:** Shows Description brief and the **Execution Timeline**.

After-Hours Work Tag:* Appears automatically next to timeline items if someone edited or saved the task before 9:00 AM or after 6:00 PM.

- **Comments Tab:** Contains the communication thread.

Comment Input Box:* Type updates or questions.

Send Button (Arrow icon):* Submits your comment.

Trash Icon (next to comment): *Admins/Authors can click this to delete a comment. Confirm: "Delete this comment?"**

- **References Tab:** Project briefs and deliverables files.

Project Reference Link Input Box:* Paste shared folder URLs (Google Drive, Frame.io).

Upload File Button:* Opens file selector to upload files directly to the task.

Download Icon (next to files):* Downloads the attached asset.

Trash Icon (next to files): *Deletes the attachment. Confirm: "Delete this attachment?"**

- **Time Logs Tab:** Time tracking ledger.

Minutes Input Field:* Type minutes spent (e.g. 90).

Work Note Input Field:* Describe what you worked on.

Log Button:* Saves time log.

Trash Icon (next to logs): *Deletes time log. Confirm: "Delete this time log?"**

Right Column Parameters:

- **Status / Workflow Dropdown:** Change the workflow stage. Specialists cannot skip to **Client Review** or **Completed**.

- **Workflow Action Buttons (Contextual - appears based on stage):**

Approve for Client (Team Head/Admin only during Team Head Review):* Moves task to **Client Review**.

Reject / Rework (Team Head/Admin only during Team Head Review):* Moves task to **Rework / Revision**.

Mark Client Approved (PM/Admin only during Client Review):* Marks the task with a green **Client Approved** badge.

Bypass & Launch (PM/Admin only during Client Review):* Moves task to **Completed / Launched**.

- **Assignee Dropdown:** Reassign the task to a different specialist.
- **Timeline Date Inputs:** (Post Date, Deadline, Due Date, Task Start). Click to select dates. Admins/PMs edit all; specialists can only view some.
- **Action Matrix:**

Archive Task Button (PM/Admin only):* Moves task to historical storage.

Hard Delete Button (Admin only): *Permanently erases task and all comments/logs. Confirm: "■ PERMANENT DELETE: This cannot be undone. All logs and comments will be erased. Continue?"*

F. Cycles Page (Sprint Planning)

Used to organize projects into weekly or monthly sprint cycles.

- **Archives Toggle Slider (Top Right):**

Purpose:* Show active or archived cycles.

- **Plan Cycle Button (Top Right):**

Purpose:* Opens the Cycle Creation Modal.

- **Cycle Cards:**

—■ Edit Button (Pencil icon - on hover):* Opens cycle edit form.

■ Archive Button (Calendar icon - on hover): *Archives the cycle. Confirm: "Archive this cycle?"*

■ Restore Button (Plus icon - on archived cards):* Restores archived cycle.

- **Create/Edit Cycle Modal:**

Cycle Name Input:* Type cycle identifier (e.g., Week 23 Retainer).

Client Project Dropdown:* Select project to map the cycle to.

Start Date / End Date Inputs:* Calendar date inputs.

Monthly Recurring Retainer Checkbox:* Checks if cycle automatically regenerates monthly.

Cancel / Create Buttons:* Discard or save the cycle.

G. Modules Page (Task Categories)

Allows defining scope categories like Design, Copywriting, Video, or Development.

- **Archives Toggle Slider:** Toggles active vs archived categories.
- **New Module Button:** Opens creation modal.
- **Module Cards:**

—■ Edit Button (Pencil icon):* Edit module name.

■■ Archive Button (Trash icon): *Archives module. Confirm: "Archive this module to historical data?"**

■ Restore Button (Plus icon): *Restores module. Confirm: "Restore this module to active status?"**

- **Create/Edit Module Modal:**

Module Name Input:* Type category name.

Cancel / Save Buttons:* Close modal or save.

H. Workflow Page (Pipeline Design)

Allows defining the status workflow pipeline stages.

- **Archives Toggle Slider:** Shows active/archived stages.
- **New State Button:** Opens stage creation form.
- **State Cards:**

—■ Edit Button:* Edit stage configuration.

■■ Archive Button: *Archives stage. Confirm: "Archive this workflow state? Tasks in this state might become inaccessible on the board."**

- **Create/Edit State Modal:**

Display Name Input:* Name shown to users (e.g., In Creative Review).

Unique Slug Input:* Lowercase code identifier.

Description Textarea:* Brief explanation of what happens in this stage.

Theme Color Picker Input:* Select the highlight color for this stage.

Cancel / Save Buttons:* Discard or save.

I. Backups Page (Data Sovereignty)

Manages offline database exports.

- **Generate Missing Button (Top Right):**

Purpose: *Triggers database check and builds backups for any missing calendar months. Confirm: "Generate backup for missing months now? This might take a minute."**

- **Download Backup Button (Primary color):**

Purpose: * Starts download of a `.zip` archive containing project details, time logs, and comments. Marks backup as downloaded.

- **Download Again Button (Glass outline):**

Purpose: * Appears once a backup is already downloaded. Allows downloading the file again.

J. Kanban Page (Visual Board)

A visual task board.

- **Filters Dropdowns:** (Projects, Modules, Job Titles). Filters cards visible on the board.
- **Workflow Column Headers:** Shows stage name, colored status light, and card count.
- **Drag & Drop Area:** Left-click and hold a task card, drag it to another column, and release to change its status.
- **Add Task Button (at the bottom of columns):**

Purpose: * Opens the Quick Task Modal with the column's workflow stage pre-selected.

- **Quick Task Modal:**

Task Title Input: * Type task name.

Project Dropdown: * Select project.

Priority Dropdown: * Select priority level (Low, Medium, High, Urgent).

Cancel / Create Buttons: * Submit or cancel.

- **Task Cards:**

Clicking card: * Opens the Task Detail Modal.

Trash Icon (visible on hover): *Deletes task. Confirm: "Abort this work item permanently?"**

K. Team Page (Directory)

Manages employee accounts, security, and assignments.

- **Archives Toggle Slider:** Shows active team vs deactivated employees.
- **Add Member Button (Top Right):**

Purpose:* Opens the Add Member Modal.

- **Member Cards:**

—■ Edit Member Button (Pencil icon):* Opens edit modal.

■ Archive Member Button (Database icon): *Deactivates member immediately. Confirm: "Archive this team member? Access will be revoked immediately."**

■ Restore Member Button (Plus icon): *Reactivates account. Confirm: "Restore this team member to active status?"**

- **Add/Edit Member Modal (Verification Pipeline):**

First Name / Last Name Inputs:* Type employee name.

Email Address Input Field:* Type corporate email.

Send Code Button:* Sends verification code. Shows the code in a green banner (labelled **Tactical Authorization Code**) for easy copy-pasting.

Code Input Field:* Type the 6-digit verification code.

Verify Button:* Verifies the email address. Account creation is locked until verified.

Initial Password / Confirm Password Fields:* Set account password (min 8 characters).

+ Change Password Link (Edit mode only):* Opens fields to reset password.

Role Dropdown:* Set user permissions (Admin, PM, Team Head, Specialist, HR, Sales Manager).

Job Title / Designation Dropdown:* Select employee designation (e.g. Senior Video Editor).

Phone Number Input:* Type phone.

Official Joining Date / Date of Birth Inputs:* Calendar date fields.

Cancel / Save Buttons:* Close modal or save changes.

L. Timesheets Page (Reporting Hub)

Exportable logs of time tracking.

- **Export Report (CSV) Button (Top Right):**

Purpose:* Downloads a spreadsheet containing the filtered time logs.

- **Filter Fields:**

Team Member Dropdown:* Filters logs by employee.

Project / Client Dropdown:* Filters logs by project.

Start Date / End Date Inputs:* Restricts logs to a date range.

- **Quick Filter Buttons:**

Today / Last 7 Days / This Month:* Instantly set date ranges.

Clear All:* Resets all selections.

- **FLEET CONTRIBUTION horizontal cards:**

Purpose:* Shows total hours logged by each individual specialist within the filtered view.

- **Flux Log Rows:**

Purpose:* Lists individual logs. Clicking a row opens that task's detail modal.

M. Profile Page

Manage your own user profile.

Inputs:* First Name, Last Name, Job Title, Phone.

- **Save Changes Button:** Saves changes. Displays a green success alert when saved.

N. Notifications Page

Manage your internal inbox.

- **Mark All Read Button (Top Right):** Marks all unread alerts read.
- **Enable Desktop Alerts Button (Top Right):** Request browser notification permission to get desktop pop-up alerts.
- **Notification Rows:**

Clicking the row:* Marks the notification as read and navigates directly to the target task detail modal or page.

Mark Read Button (Check icon - on row hover):* Marks a single notification read without navigating.

O. Activity Page (System Audit Log)

The audit trail page.

- **Search Box Input:** Search actions by keyword or employee email.

Table Columns:* Timestamp, Actor (User), Entity (Type), Action Type, Details.

P. Calendar Page (Tactical Operations)

A calendar dashboard of task schedules.

- **Project & Module Dropdowns (Top Right):** Filters calendar tasks.
- **Calendar / Agenda Toggle Buttons:** Switches between monthly grid layout and timeline list view.
- **Deploy Task Button (Top Right):** Opens Create Modal.
- **Month Navigation (Header):**

Chevron Buttons:* Move to previous/next month.

Today Button:* Reset view to the current month.

- **Calendar Day Cells:**

Clicking cell:* Selects day and opens selection details in the sidebar.

Task Labels inside cells:* Click to open the Task Detail Modal. Shows **START:** [Day] badge on the start date cell.

- **Sidebar Selection Details:**

Add Task for this day Button:* Pre-fills the date and opens task creation form.

Upcoming Milestones:* Lists upcoming tasks.

Q. Strategist Page (Mission Control)

Used by strategists to draft tasks offline and deploy them in bulk.

- **Strategy Target Dropdown (Top Right):** Select module category for drafted tasks.
- **Download CSV Button:** Exports draft task list to spreadsheet.
- **Add Draft Button:** Appends a new blank task draft row.
- **Deploy Strategy Button (Zap Icon):** Bulk-creates all drafted tasks on the live grid.
- **Draft Row Elements:**

Operation Title Input:* Type task title.

Project Dropdown:* Select project.

Due / Deadline Inputs:* Select calendar dates.

Priority Dropdown:* Choose priority level.

Remove Draft Button (Trash icon):* Deletes this draft row.

R. Team Intelligence Page (Operator Review)

Performance dashboards for managers.

- **Timeframe Buttons (Daily / Weekly / Monthly / All):** Restricts analytics dates.
- **Custom Date Range Inputs:** Sets custom range. Click the x button to clear custom range.
- **Find Member Input:** Search list.
- **Left Sidebar Member Cards:** Lists specialists grouped by designation. Click card to view metrics.
- **Main Detail Metrics:**

Time Tracked / Efficiency / Workload Cards:* High-level metrics.

Sector Velocity Trend AreaChart:* Recharts chart showing productivity.

Project Saturation PieChart:* Recharts chart showing project counts.

Recent Mission Parameters List:* Lists tasks done by member. Click to open modal.

S. Agency Roadmap

Roadmap timeline of tasks.

Structure:* Groups active tasks by project, then by workflow state columns.

Task Cards:* Clicking card opens the Task Detail Modal.

4. Workflow & Status Quick Reference

Task Priorities

- **■ Urgent:** Mission-critical. Complete immediately.
- **■ High:** Needs resolution within 24–48 hours.
- **■ Medium:** Daily schedule items.
- **■ Low:** Backlog items.

Workflow Stages

1. **Pending:** Created but not started yet.
2. **In Progress:** Active task (Green border in workspace).
3. **Team Head Review:** Deliverable uploaded, waiting for team leader check.

4. **Rework / Revision:** Rejected by team leader (needs corrections).
5. **Client Review:** Approved by team leader, waiting for client check.
6. **Completed / Launched:** Fully finished and approved.

Colour Parrot User Manual — Version 2.0

Part 2: Role-Based User Guide

■ Colour Parrot — Task Management System

Complete User Guide & Role-Based Reference

This guide explains every feature of the system, organized by role. Share the relevant section with each team member when onboarding them.

■ Table of Contents

1. System Overview
2. Roles at a Glance
3. Admin / Agency Manager
4. Project Manager
5. Strategist (Sales Manager)
6. Team Head
7. Specialist / Creator
8. HR (Human Resources)
9. Common Features for Everyone

■ System Overview

The **Colour Parrot Task Management System** is a real-time agency command center. It allows the whole team to track projects, manage tasks, monitor deadlines, and collaborate—all in one place.

Every user logs in with their **email and password**. Once logged in, they see a sidebar with only the tabs that apply to their role. No one sees more than they need to.

■ Roles at a Glance

Role	What They Do
Admin / Agency Manager	Full control — manages everything
Project Manager (PM)	Manages projects, tasks, cycles, team
Strategist (Sales Manager)	Strategic overview, can delete projects & tasks
Team Head	Leads a creative team, reviews & approves team tasks
Specialist / Creator	The doer — works on assigned tasks
HR	Manages team, views projects and tasks

■ Admin / Agency Manager

The highest access level. Full control over the entire system.

Tabs Available

Dashboard My Workspace Projects Tasks Cycles Kanban Board Calendar Team Team Intelligence Timesheets Activity Log Workflow Strategist Agency Roadmap Backups

■ Dashboard

What it is: The Command Center — a real-time overview of the entire agency's performance.

What you'll see:

- **Units Launched** — total number of tasks completed/launched across all projects
- **Global Task Volume** — total tasks in the system
- **Active Projects** — count of live projects
- **Pending Tasks** — tasks not yet started, with a progress bar showing workload
- **Operational Flux chart** — historical trend line showing daily activity over time
- **Stage Distribution chart** — horizontal bar chart showing how many tasks are in each stage (Pending, In Progress, Review, etc.)
- **Sector Activity Stream** — a live feed of recent actions taken by anyone in the system (task created, status changed, etc.)

How to use it:

- Use the **Month / All** toggle (top right) to switch between viewing this month's data or all-time data
- Click any activity card to open that task's full detail

■■ Projects

What it is: The master list of all projects in the agency.

What you'll see:

- All active projects with their name, client, start date, and status
- Archive toggle to view archived/inactive projects

What you can do:

- ■ **Create new projects** — click the + **New Project** button
- =■ **Edit a project** — click the edit icon on any project card
- ■ **Archive a project** — removes it from the active list (not deleted)
- ■ **Restore an archived project** — from the archived view
- ■■ **Delete a project** — permanently removes it (*Admin, PM, Strategist only*)
- Click any project to **go to its tasks**

■ Tasks

What it is: The global task board — every task across every project.

What you'll see:

- All tasks with columns: Task Code, Title, Project, Module, Assignee, State, Priority, Dates
- Glowing card borders and shadows indicating task status:
- ■ **Client Approved / Completed-Launched:** Emerald green border and glowing shadow representing final approval.
- ■ **Client Review / Pending Review:** Blue border and glowing shadow representing review stage.
- ■ **Rework / Revision / Re-edit:** Red border and glowing shadow representing modifications needed.
- ■ **Urgent Priority / Overdue Deadline:** Red border and glowing shadow representing critical urgency.
- ■ **High Priority:** Amber border and glowing amber shadow.
- ■ **In Progress:** Primary green border and glowing shadow representing active execution.
- Date badges color-coded by category:
- ■ **Posted Date:** Sky Blue badge representing assignment post date.

- ■ **Start Date:** Emerald Green badge representing task start.
- ■ **Due Date:** Amber Yellow badge representing due date.
- ■ **Deadline:** Bold Red badge with an active pulse animation representing the absolute deadline.

What you can do:

- ■ Create new tasks and assign them to team members
- ■ Filter by project, assignee, state, priority
- Click any task to open the **Task Detail Modal** where you can:
- Change assignee, state, priority, dates
- Add comments
- View the full task history
- Upload files/attachments
- ■ Archive or ■■ Delete tasks

■ Cycles

What it is: Sprint-style work cycles. Group tasks into a specific time window (e.g., "Week 22 Sprint").

What you'll see:

- All active and past cycles
- Tasks grouped inside each cycle
- Cycle start/end dates and progress

How to use it:

- Create a cycle with a start and end date
- Add tasks to the cycle to scope the work for that period
- Useful for weekly or bi-weekly sprints

■ Kanban Board

What it is: A visual drag-and-drop board showing tasks by status column.

What you'll see:

- Columns for each workflow stage (e.g., Pending → In Progress → Team Review → Client Review → Launched)
- Task cards in each column showing the task title, assignee, and priority

How to use it:

- Drag a task card from one column to another to **change its status**
- Good for a quick visual overview of where everything stands
- Filter by project or assignee to focus on a subset of tasks

■ Calendar

What it is: A monthly calendar view of all tasks based on their due dates and deadlines.

What you'll see:

- Tasks plotted on the dates they are due
- Color coding by priority or status

How to use it:

- Navigate month by month to see what's coming up
- Click any task on the calendar to open its full details
- Great for spotting deadline collisions and overloaded days

■ Team

What it is: The full team directory.

What you'll see:

- All users in the system with their name, role, email, and profile details
- Activity status (last active time)

What you can do:

- View each team member's profile
- ■ Invite/add new team members
- Edit user roles and details
- Deactivate team members who have left

■ Team Intelligence

What it is: A smart performance analytics dashboard for the whole team.

What you'll see:

- Individual performance metrics for each team member
- Task completion rates, rework counts, speed scores
- Comparative rankings
- Workload distribution across the team

How to use it:

- Use this to identify high performers and bottlenecks
- Spot who has too many tasks or who has capacity for more
- Track quality (rework count = how many times a task was sent back for revisions)

■ Timesheets

What it is: A time-based log of task activity.

What you'll see:

- Records of when tasks were started, updated, and completed
- Time spent tracking

How to use it:

- Review how long tasks are taking vs. their estimates
- Useful for billing and capacity planning

■ Activity Log (*Admin, PM, Agency Manager only*)

What it is: An immutable, full audit trail of every single action taken in the system.

What you'll see:

- Timestamp of every action
- Who did it (actor)
- What they did (created, updated, deactivated, deleted)
- Which record was affected

How to use it:

- Use the **search bar** to filter by user email, action type, or entity
- Cannot be edited or deleted — it's a permanent record

- Use this to investigate issues or audit activity

■ Workflow (*Admin, Agency Manager only*)

What it is: The pipeline designer — define the stages a task moves through.

What you'll see:

- The list of all task states/stages (e.g., "Pending", "In Progress", "Team Head Review", "Client Review", "Launched")

What you can do:

- Add new stages
- Reorder the pipeline
- Configure which stage means "completed"

■■ Changes here affect the entire system — all tasks use these stages.

■ Strategist (*Admin, Agency Manager only*)

What it is: A high-level strategic view — the **Lifecycle & Tracking Ledger**.

What you'll see:

- A detailed table of all tasks with:
- Task code, Specialist name, Module, Assigned date, Started date, Completed date, Target/Due date, Rework count
- Color-coded dates: Green = on time, Yellow = at risk, Red = overdue

How to use it:

- Use this for client reporting and strategic reviews
- Track which tasks have been reworked and how many times
- Identify quality and delivery issues at a glance

■■ Agency Roadmap (*Admin, Agency Manager only*)

What it is: A visual timeline roadmap of all active projects.

What you'll see:

- Projects laid out on a horizontal timeline
- Start dates and end dates plotted visually

How to use it:

- Get a bird's-eye view of the agency's project schedule
- Spot overlapping projects and resource conflicts

■ Backups (*Admin, Agency Manager only*)

What it is: Database backup management.

What you can do:

- Create a manual backup of the entire system database
- Download existing backups
- Restore from a previous backup if something goes wrong

■■ Only use restore if directed by your technical team. This will overwrite current data.

■ Project Manager

Manages day-to-day operations, creates and assigns tasks, oversees projects.

Tabs Available

Dashboard Projects Tasks Cycles Kanban Board Calendar Team Team Intelligence Timesheets Activity Log

All tabs work the same as described in the Admin section above.

Key Permissions

- ■ Can create, edit, archive, and **delete** projects and tasks
- ■ Can assign tasks to any team member
- ■ Can view the full Activity Log
- ■ Can manage cycles/sprints
- ■ Cannot access Workflow, Strategist, Agency Roadmap, or Backups

■ Strategist (Sales Manager)

Strategic-level access. Can manage and delete projects and tasks.

Tabs Available

Projects Tasks Kanban Board Calendar Team Team Intelligence

Key Permissions

- ■ Can view all projects and tasks
- ■ Can **delete** projects and tasks (same as PM)
- ■ Can view team performance
- ■ Does not have the Dashboard, Cycles, Timesheets, Activity Log, or admin-only pages

How to use it:

- Use **Projects** to monitor all client work
- Use **Tasks** to review progress and identify delays
- Use **Team Intelligence** to track performance metrics for reporting

■ Team Head

Leads a creative team. Sees their own tasks AND their team's work. Approves tasks before they go to the client.

Tabs Available

Dashboard My Workspace Projects Tasks Cycles Kanban Board Calendar Team Team Intelligence Timesheets

■ Dashboard (Team Head View)

The Team Head sees a **special two-column dashboard** called **Lead Overview**:

Left column — Personal Workspace (My Missions)

- Shows tasks that are **assigned directly to the Team Head themselves**
- Each card shows: Task Code, Project, Module, Status
- Click any card to open full task details

Right column — Team Operations (Review Pipeline)

- Shows tasks assigned to **their team members** that need review or attention
- Tasks with status "**Team Head Review**" will show special **Approve / Reject** buttons inline
- Click **Approve** → task moves forward to the next stage
- Click **Reject** → task is sent back to the specialist for rework

How to use it daily:

1. Check the **left column** first — are your own tasks progressing?
2. Check the **right column** — are there tasks waiting for your approval?
3. Click **Approve** on quality work, **Reject** on work that needs changes
4. Click any task to open full details and leave a comment explaining rejection reason

■ My Workspace (*Team Head & Specialist*)

What it is: A dedicated personal task board just for your own assigned tasks.

The 6 Filter Tabs:

- **TODAY'S TASKS:** Active green theme. Shows all active, incomplete tasks.
- **START DATE TASKS:** Active blue theme. Filters tasks that have a start/scheduled date.
- **DUE DATE TASKS:** Active amber theme. Filters tasks that have a due date matching today.
- **DEADLINE TASKS:** Active red theme. Filters tasks with a hard final deadline.
- **COMPLETED TASKS:** Active teal theme. Filters all completed/launched tasks.
- **ALL TASKS:** Active slate theme. Shows all tasks.

Color-coded task borders & shadows:

- **■ Client Approved / Completed-Launched:** Emerald green border with glowing green shadow (`rgba(16, 185, 129, 0.15)`).
- **■ Client Review / Pending Review:** Blue border with glowing blue shadow (`rgba(59, 130, 246, 0.15)`).
- **■ Rework / Revision / Re-edit:** Red border with glowing red shadow (`rgba(239, 68, 68, 0.2)`).
- **■ Urgent Priority / Overdue Deadline:** Red border with glowing red shadow (`rgba(239, 68, 68, 0.15)`).
- **■ High Priority:** Amber border with glowing amber shadow (`rgba(245, 158, 11, 0.1)`).
- **■ In Progress:** Primary green border with glowing green shadow (`rgba(16, 185, 129, 0.1)`).

Date Badge Colors:

- ■ **Posted Date:** Sky Blue badge (**POSTED:** YYYY-MM-DD).
- ■ **Start Date:** Emerald Green badge (**START:** YYYY-MM-DD).
- ■ **Due Date:** Amber Yellow badge (**DUE:** YYYY-MM-DD).
- ■ **Deadline:** Bold Red badge (**DEADLINE:** YYYY-MM-DD) with pulse animation.

How to use it daily:

1. Open the system → you land on **Today's Task** tab
2. Work through your task list
3. Click any task to open it and update the status, add comments, or upload files
4. Switch to **Due Date** tab to prioritize urgent items
5. Check **Deadline** tab to see what's critically close

All Other Tabs

Work exactly the same as the Admin/PM descriptions above, but **filtered to show only relevant data** (tasks from their team's projects).

Key Permissions

- ■ Can view all projects
- ■ Can view and manage tasks for their team
- ■ Can approve/reject tasks at the "Team Head Review" stage
- ■ Cannot delete projects or tasks
- ■ No access to Activity Log, Workflow, Strategist, Roadmap, Backups

■ Specialist / Creator

The person doing the work. Focused on their own assigned tasks.

Tabs Available

My Workspace Kanban Board Calendar

■ My Workspace (*Main Page*)

This is the **primary workspace** for Specialists. Everything they need to manage their daily work is here.

The 6 Filter Tabs:

- **TODAY'S TASKS:** Active green theme. Shows all active, incomplete tasks.
- **START DATE TASKS:** Active blue theme. Filters tasks that have a start/scheduled date.
- **DUE DATE TASKS:** Active amber theme. Filters tasks that have a due date matching today.
- **DEADLINE TASKS:** Active red theme. Filters tasks with a hard final deadline.
- **COMPLETED TASKS:** Active teal theme. Filters all completed/launched tasks.
- **ALL TASKS:** Active slate theme. Shows all tasks.

Color-coded task borders & shadows:

- **■ Client Approved / Completed-Launched:** Emerald green border with glowing green shadow (`rgba(16, 185, 129, 0.15)`).
- **■ Client Review / Pending Review:** Blue border with glowing blue shadow (`rgba(59, 130, 246, 0.15)`).
- **■ Rework / Revision / Re-edit:** Red border with glowing red shadow (`rgba(239, 68, 68, 0.2)`).
- **■ Urgent Priority / Overdue Deadline:** Red border with glowing red shadow (`rgba(239, 68, 68, 0.15)`).
- **■ High Priority:** Amber border with glowing amber shadow (`rgba(245, 158, 11, 0.1)`).
- **■ In Progress:** Primary green border with glowing green shadow (`rgba(16, 185, 129, 0.1)`).

Date Badge Colors:

- **■ Posted Date:** Sky Blue badge (**POSTED:** YYYY-MM-DD).
- **■ Start Date:** Emerald Green badge (**START:** YYYY-MM-DD).
- **■ Due Date:** Amber Yellow badge (**DUE:** YYYY-MM-DD).
- **■ Deadline:** Bold Red badge (**DEADLINE:** YYYY-MM-DD) with pulse animation.

Priority indicators on each task:

- **■ Urgent**
- **■ High**
- **■ Medium**
- **■ Low**

Performance tab:

Switch to the **Performance** tab inside My Workspace to see:

- Your personal task completion chart (by project)
- Task distribution by status

- Your completion rate and trends

How to use it daily:

1. Log in → go to **My Workspace** → **Today's Task** tab
2. See all your active tasks sorted by priority
3. Click a task → the **Task Detail** panel opens showing:
 - Task description and brief
 - Attached files from PM/Team Head
 - Comment section (write updates or questions here)
 - Current status and dates
4. Update the task status as you progress (e.g., from "In Progress" → "Team Head Review")
5. At end of day, check the **Due Date** tab to see what's coming up

■ **Tip:** When you finish a task, change the status to "Team Head Review" — this alerts your Team Head to check your work.

■ Kanban Board

Shows all tasks across projects in a visual column layout.

- Specialists can see their own tasks here as well
- Good for a quick visual overview of their pipeline

■ Calendar

Shows all tasks on a monthly calendar by due date.

- Click any date to see what's due
- Great for planning your week

Key Permissions

- ■ Can view and update their own assigned tasks
- ■ Can add comments on tasks
- ■ Can upload files/deliverables to tasks
- ■ Can change task status (to submit work for review)
- ■ Cannot create projects or tasks

- ■ Cannot assign tasks to others
- ■ Cannot delete anything

■ HR (Human Resources)

People management focus. Can see all projects and tasks, but cannot modify them.

Tabs Available

Projects Tasks Kanban Board Calendar Team Team Intelligence

How HR Uses the System

Projects — See all active projects (read access)

Tasks — View all tasks across all projects to understand team workload

Team — Full access to the team directory:

- View all employee profiles
- Add new team members
- Edit team member details (role, contact info, job title)
- Deactivate members who have left

Team Intelligence — The most important tab for HR:

- View performance scores for each team member
- See task completion rates, rework frequency, and activity levels
- Use for **performance reviews** and **capacity planning**
- Identify overloaded team members

Kanban Board & Calendar — Read-only view to understand current work status

Key Permissions

- ■ Can view all projects and tasks
- ■ Full access to Team management
- ■ Can view Team Intelligence metrics

- ■ Cannot create or modify tasks
- ■ Cannot delete projects or tasks
- ■ No access to Activity Log, Workflow, Strategist, Roadmap, Backups, Timesheets

■ Common Features for Everyone

These features are available to **all users** regardless of role:

■ Notifications

- Click the **bell icon** (top right) to open Notifications
- Shows **Unread** notifications (highlighted in green, slide in from right)
- Shows **Earlier** (already read) notifications below
- Click **Mark read** on individual notifications, or **Mark all as read** button
- Click a notification to jump directly to the related task or page
- Click **Enable Desktop Alerts** to get browser push notifications even when the tab is minimized

■ Profile

- Click your **avatar/initials** (top right corner) to go to your profile
- Update your: Name, Phone, Profile photo, Date of birth
- Change your password

■ Dark / Light Mode

- Click the **moon / sun icon** (top right) to toggle between dark and light themes
- The system defaults to dark mode

■ Task Detail Modal

When you click any task anywhere in the system, a **full detail panel** opens showing:

Field	Description
-------	-------------

Task Code	Unique identifier (e.g., H-1, Z-3)
Title	Name of the task
Project	Which client project it belongs to
Module	The category/type of work (e.g., Poster, Video, Copy)
Assignee	Who is responsible for this task
State/Status	Current workflow stage
Priority	Urgent / High / Medium / Low
Posting Date	When the task was started/assigned
Due Date	Target completion date
Deadline	Hard final deadline
Comments	Team discussion thread — add notes, feedback, questions
Attachments	Files uploaded (briefs, references, deliverables)

■ Task Status Colors (Quick Reference)

Card Border & Glow	Meaning
■ Emerald Green Glow	Client Approved / Completed-Launched
■ Blue Glow	In-House Approved / Client Review / Pending Review
■ Red Glow (Pulsing)	Rework / Revision / Re-Edit or Urgent Priority / Overdue Deadline
■ Amber Glow	High Priority
■ Primary Green Glow	In Progress
■ Slate Grey	Low/Medium Priority

■ Quick Troubleshooting

Problem	Solution
---------	----------

Changes not showing after uploading	Press Ctrl+Shift+R for hard refresh, or open in incognito window
Can't see a tab	Your role doesn't have access to it — contact your Admin
Task not showing in My Workspace	Make sure the task is assigned to your account
Notification bell shows a number but clicking shows nothing	Press Mark all as read — the notification may have already been actioned
Site looks old/cached	Open in a new incognito/private browser window

Document generated for Colour Parrot internal use — Management System v2.0

Part 3: Simple How-To Tutorial Guide

■ Colour Parrot — How to Use the System

A Simple, Step-by-Step Guide for Everyone

Read this once and you will know how to do everything in the system. Written in simple English. No technical knowledge needed.

PART 1 — Getting Started (Everyone Reads This)

■ Step 1 — How to Log In

1. Open your web browser (Chrome, Edge, Safari)
2. Go to the Colour Parrot system website
3. You will see the login page
4. Type your **email address** and **password**
5. Click **Sign In**
6. You are in! ■

■ *If you forgot your password — contact your Admin or Agency Manager to reset it for you.*

■ Step 2 — What You See After Logging In

After logging in, you will see **two main things**:

1. The Sidebar (left side)

- This is the menu
- It shows only the pages you are allowed to see

- Click any item in the sidebar to go to that page

2. The Main Area (right side)

- This is where the content shows up
- It changes depending on which page you clicked

Top right corner has:

- ■ **Moon/Sun icon** = switch between dark and light mode
- ■ **Bell icon** = your notifications
- **Your name/initials** = click to go to your profile

■ Step 3 — Changing Between Dark and Light Mode

- Click the **moon icon** (top right) to switch to light mode
- Click the **sun icon** to switch back to dark mode
- The system saves your preference

■ Step 4 — Updating Your Profile

1. Click your **initials or name** (top right corner)
2. You will go to your **Profile page**
3. Here you can update:
 - Your first and last name
 - Your phone number
 - Your date of birth
 - Your profile photo
4. Click **Save** when done

PART 2 — Daily Use for Each Role

■ IF YOU ARE A SPECIALIST / CREATOR

Your job: Do the tasks assigned to you and update their status.

Your Main Page — "My Workspace"

When you log in, click **My Workspace** from the sidebar.

This is where you will spend most of your time. It shows only **your tasks**.

The 6 Tabs at the Top

You will see 6 tabs at the top of My Workspace. Here is what each one does:

Tab 1 — Today's Task *(this is the first tab you see)*

- Shows ALL your active tasks (everything you need to work on)
- This is your **daily to-do list**
- Tasks are sorted by priority — most urgent ones appear first
- **Use this tab every morning** to see what you need to do today

Tab 2 — Start Date

- Shows your tasks sorted by when they were assigned/started
- Useful to see which tasks you have been working on the longest
- Good to check if an old task has been sitting too long

Tab 3 — Due Date

- Shows tasks that are coming close to their due date
- **Check this tab in the afternoon** to make sure nothing is being missed
- Tasks highlighted in yellow or red need urgent attention

Tab 4 — Deadline

- Shows tasks sorted by their **final hard deadline**
- A deadline is stricter than a due date — it is the absolute last day
- **Check this tab every Monday** to plan your week

Tab 5 — Completed

- Shows all tasks you have finished
- Good for tracking your own progress
- Your Team Head can also see this

Tab 6 — All Tasks

- Shows every task assigned to you
- Sorted by priority and date
- Use this if you want to see the full picture

Each task card has a glowing border and shadow that shows its active status:

Glow Color	What It Means	What You Should Do
■ Emerald Green	Client Approved / Completed-Launched	Task is verified finished
■ Blue	In-House Approved / Client Review / Pending Review	Task is actively under review
■ Red (Pulsing)	Rework / Revision / Re-edit or Urgent / Overdue	Corrections needed or critical task — prioritize this
■ Amber	High Priority task	Work on this next
■ Primary Green	Actively In Progress	Keep working on it
■ Slate Grey	Default / Low/Medium Priority	Standard queue item

Date Badge Colors:

- ■ **Posted Date:** Sky Blue badge (**POSTED**: YYYY-MM-DD).
- ■ **Start Date:** Emerald Green badge (**START**: YYYY-MM-DD).
- ■ **Due Date:** Amber Yellow badge (**DUE**: YYYY-MM-DD).

- ■ **Deadline:** Bold Red badge (**DEADLINE: YYYY-MM-DD**) with pulse animation.

How to Open a Task

1. Click anywhere on the task card
2. A **Task Detail panel** will open
3. Here you can see everything about the task:
 - The task name and description
 - Which project it belongs to
 - Who assigned it to you
 - The due date and deadline
 - Files attached (briefs, references)
 - Comments from your Team Head or PM

How to Update a Task Status

When you are working on a task, you need to update its status to let your Team Head know where you are.

1. Click on the task to open it
2. Find the **Status / State** field
3. Click the dropdown
4. Choose the correct status:
 - **In Progress** = you are actively working on it
 - **Team Head Review** = you are done, send it to your Team Head to check
5. Click **Save**

■ **Important:** When you finish a task, ALWAYS change it to "**Team Head Review**". This tells your Team Head to look at your work. If you don't change it, they won't know you are done.

How to Add a Comment on a Task

Comments are how you communicate about a task. Use them to:

- Ask questions about the task
- Tell your Team Head you finished something

- Explain what you did or any problems you faced

Steps:

1. Open the task (click on it)
2. Scroll down to the **Comments section**
3. Click the comment box
4. Type your message
5. Press **Send / Submit**

■ *Your Team Head and Project Manager will get a notification when you comment.*

How to Upload a File to a Task

When you finish a design, video, or document, upload it directly to the task:

1. Open the task
2. Find the **Attachments section**
3. Click **Upload** or drag and drop your file
4. The file is now attached to the task for everyone to see

Your Daily Routine as a Specialist**Every morning:**

1. Log in
2. Go to **My Workspace** → **Today's Task**
3. Look at your tasks sorted by priority
4. Start with the most urgent ones (red or yellow borders first)

During the day:

1. Work on your tasks
2. When done with a task → change status to **Team Head Review**
3. Upload your finished work to the task
4. Add a comment saying "Completed — please review"

Every evening:

1. Go to **Due Date** tab
2. Check if anything is due soon
3. Plan what to work on tomorrow

■ IF YOU ARE A TEAM HEAD

Your job: Manage your team's tasks. Review their work. Approve or send back for changes. Also do your own tasks.

Your Main Page — The Dashboard (Lead Overview)

When you log in, you see the **Lead Overview** dashboard with **two columns**:

Left Column — "My Personal Missions"

- Shows tasks that are **assigned directly to YOU**
- You also get tasks just like a Specialist
- Click any task to open and work on it
- Update the status the same way a Specialist does (see above)

Right Column — "Team Operations / Review Pipeline"

- Shows tasks from **your team members** that are at the "**Team Head Review**" stage
- These are tasks your specialists have finished and sent to you for approval

How to Approve a Task

When a team member finishes their work and sends it for review:

1. Look at the task in the **right column**
2. Click the task to open it and check the work

3. If the work is good, click the ■ **Approve** button
4. The task automatically moves to the next stage (e.g., Client Review)
5. Done!

How to Reject a Task (Send Back for Changes)

1. Click the task to open it
2. If the work needs changes, click the ■ **Reject** button
3. The task goes back to the Specialist
4. **Important:** Add a comment explaining WHY you rejected it and WHAT needs to change:
 - Go to the Comments section
 - Write clearly what needs to be fixed
 - Click Send

■ *Always write a rejection comment. Otherwise your Specialist won't know what to fix.*

My Workspace Tab

You also have a **My Workspace** tab in your sidebar. It works exactly like a Specialist's My Workspace. Use it to manage your own personal tasks with the 6 filter tabs (Today's Task, Start Date, Due Date, Deadline, Completed, All Tasks).

Your Daily Routine as a Team Head

Every morning:

1. Log in → see the **Lead Overview dashboard**
2. Check the **right column** — are there tasks waiting for your approval?
3. Review them and Approve or Reject
4. Check your **left column** — do you have personal tasks to work on?

During the day:

1. Review work as your team submits it
2. Give feedback through comments
3. Approve good work, reject work that needs improvement

Every week:

1. Go to **Team Intelligence** to check team performance
2. Go to **Tasks** to spot any overdue or stuck tasks
3. Check **Calendar** to see what deadlines are coming

■ IF YOU ARE A PROJECT MANAGER (PM)

Your job: Create projects and tasks. Assign work to the team. Monitor progress. Ensure deadlines are met.

How to Create a New Project

1. Click **Projects** in the sidebar
2. Click the **+ New Project** button (top right)
3. Fill in the details:
 - **Project Name** (e.g., "Healthy Cart — June Campaign")
 - **Client name**
 - **Start date**
 - **End date / Deadline**
4. Click **Save**
5. The project is now created ■

How to Create a Task

1. Click **Tasks** in the sidebar
2. Click **+ New Task**
3. Fill in:
 - **Task Title** (e.g., "Workers Day Poster")
 - **Project** — which project does this belong to
 - **Module** (e.g., Poster, Video, Copy)
 - **Assignee** — choose the team member from the dropdown

- **Priority** — Urgent / High / Medium / Low
 - **Posting Date** (start date)
 - **Due Date** (when it should be done)
 - **Deadline** (absolute last day)
 - **Description/Brief** — write what needs to be done clearly
4. Click **Save** ■

■ *The Specialist will immediately see this task in their **My Workspace**.*

How to Assign a Task to Someone

When creating or editing a task:

1. Find the **Assignee** field
2. Click the dropdown
3. Search or scroll to find the team member
4. Select their name
5. Save

How to Check Task Progress

Option 1 — Tasks Page:

1. Click **Tasks** in the sidebar
2. See all tasks with their current status
3. Filter by project, assignee, or status

Option 2 — Kanban Board:

1. Click **Kanban Board**
2. See all tasks in columns by status
3. Tasks stuck in one column for too long need attention

Option 3 — Calendar:

1. Click **Calendar**
2. See what is due on each day

3. Spot deadline problems in advance

How to Archive a Project (When It's Done)

1. Go to **Projects**
2. Find the project
3. Click the **Archive** button
4. Confirm
5. The project moves to archived (all data is kept safely)

To see archived projects: turn on "**Show Archived**" toggle on the Projects page.

How to Use Cycles / Sprints

Cycles are weekly or bi-weekly work windows — a focused set of tasks for a time period.

1. Click **Cycles** in the sidebar
2. Click **+ New Cycle**
3. Give it a name (e.g., "Week 22 Sprint")
4. Set start and end dates
5. Add tasks to this cycle
6. Track progress within that time window

How to Use the Activity Log

1. Click **Activity Log** in the sidebar
2. See every action taken by every person in the system
3. Use the search bar to filter by:
 - A person's email
 - An action type (e.g., "created", "updated", "deactivated")
 - A task or project name

Your Daily Routine as a PM

Every morning:

1. Check **Dashboard** → see overall agency health
2. Check **Tasks** → look for overdue or red-border tasks
3. Check **Calendar** → see deadlines this week

During the week:

1. Create new tasks as new work comes in
2. Reassign tasks if someone is overloaded
3. Communicate through task comments

Every Friday:

1. Review **Team Intelligence** → check performance
2. Review **Timesheets** → check time spent
3. Review **Cycles** → close completed sprints, start new ones

■ IF YOU ARE AN ADMIN / AGENCY MANAGER

You have access to everything. In addition to all PM features, you also manage the system itself.

How to Add a New Team Member

1. Click **Team** in the sidebar
2. Click **+ Invite / Add Member**
3. Fill in:
 - Full name
 - Email address
 - Role (Admin, PM, Team Head, Specialist, HR, Strategist)
 - Job title
4. Click **Save / Send Invite**
5. They receive an email with login instructions

How to Change Someone's Role

1. Click **Team**
2. Find the team member
3. Click on their profile
4. Change the **Role** dropdown
5. Save

■■ Be careful — changing a role changes what they can see and do in the system.

How to Deactivate a Team Member Who Left

1. Click **Team**
2. Find the person
3. Click **Deactivate**
4. They can no longer log in
5. All their past work and tasks are preserved

How to Set Up the Workflow (Task Stages)

The Workflow defines the journey a task takes from start to finish.

1. Click **Workflow** in the sidebar
2. See the list of current stages
3. To add a new stage: click + **Add Stage**, type the name, save
4. To reorder: drag stages into the correct order

■■ Only change the workflow when you need a fundamentally new stage. This affects all tasks.

How to Use the Strategist View (Executive Report)

1. Click **Strategist** in the sidebar
2. See the **Lifecycle & Tracking Ledger** — a full table of every task with:
 - Task code, specialist name, module
 - When it was assigned, started, completed
 - Target/due date (color coded: green = on time, red = delayed)
 - Number of times reworked

Use this for:

- Client reports
- Identifying quality issues (high rework count)
- Presenting delivery timelines

How to Create a Database Backup

1. Click **Backups** in the sidebar
2. Click **Create Backup**
3. Wait for it to complete
4. Download the backup file for safe storage

■ *Create a backup before any major changes to the system.*

PART 3 — Notifications (Everyone)

How to Read Your Notifications

Click the ■ **bell icon** (top right corner).

You get a notification when:

- A task is assigned to you
- Someone comments on your task
- Your task is approved or rejected

- Your task status changes

How to Clear Notifications

Mark one as read: Click on the notification — it opens the related task and marks it read.

Mark all as read: Click the **"Mark all as read"** button at the top.

How to Enable Desktop Notifications

Get browser pop-ups even when you are on another tab:

1. Open Notifications page
2. Click **"Enable Desktop Alerts"**
3. Click **Allow** on the browser prompt
4. Done — you will now get desktop pop-ups ■

PART 4 — Quick Reference

What to Do in Common Situations

"I finished my task — what do I do?"

1. Upload your finished file to the task
2. Change status to **"Team Head Review"**
3. Comment: "Completed. Please review."

"My task was rejected — what do I do?"

1. Read the Team Head's comment to understand what to fix
2. Make the changes

3. Change status back to **"Team Head Review"**
4. Comment: "Fixed as requested — please review again."

"I need to ask a question about my task"

1. Open the task
2. Go to Comments
3. Type your question
4. Click Send — the Team Head and PM will be notified

"A task is taking longer than expected"

1. Open the task
2. Add a comment: "This is taking longer than expected. Estimated finish: [date]."
3. Your Team Head and PM will be notified and can adjust the deadline

"I want to find a specific task quickly"

1. Click **Tasks** in the sidebar
2. Use the search bar or filter dropdowns
3. Filter by project, assignee, status, or priority

Status Meanings

Status	What It Means
Pending	Created but not started
In Progress	Being worked on
Team Head Review	Specialist done — Team Head needs to check
Rework	Sent back — needs fixing
Client Review	Approved internally — Client needs to check
Completed / Launched	Fully done and approved
Archived	Closed and stored

Priority Meanings

Priority	What It Means
■ Urgent	Stop everything — do this now
■ High	Do today or tomorrow
■ Medium	Do this week
■ Low	Do when you have time

Task Border & Glowing Shadow Meanings

Card Border & Glow	Meaning
■ Emerald Green Glow	Client Approved / Completed-Launched
■ Blue Glow	In-House Approved / Client Review / Pending Review
■ Red Glow (Pulsing)	Rework / Revision / Re-Edit or Urgent Priority / Overdue Deadline
■ Amber Glow	High Priority
■ Primary Green Glow	In Progress
■ Slate Grey	Low/Medium Priority

Tips for Success

Specialists:

- ■ Check My Workspace every morning
- ■ Always change status when you finish work
- ■ Write a comment when submitting for review
- ■ Never leave a task on "In Progress" when you are actually done

Team Heads:

- ■ Check the right column of Dashboard every morning
- ■ Always write a rejection reason
- ■ Review Team Intelligence weekly
- ■ Never approve without checking the work

Project Managers:

- ■ Always set both a Due Date AND a Deadline on tasks
- ■ Write a clear brief in the task description
- ■ Check Kanban Board daily for stuck tasks
- ■ Use Activity Log to investigate issues

Admins:

- ■ Create a backup before major changes
- ■ Deactivate team members immediately when they leave

- ■ Keep the Workflow stages simple
- ■ Use Agency Roadmap for capacity planning

Colour Parrot Task Management System — Practical How-To Guide

Version 2.0 — For internal training use
